

Review of the Video **Video: Improving Conversation**

The Improv team has just finished delivering their latest performance at the “Salute to Veterans” reception. Now their teacher, Mrs. Hertz, is asking Leo, Maya, Hanna, and Clare to go out and mingle with the audience. While the students feel comfortable acting in front of people, they are a bit nervous actually having a face-to-face conversation with the veterans. Will they be able to overcome their fears of speaking to others and “improve their conversation”?

Now it’s your turn. Watch the video and listen to Leo, Maya, Hanna, and Clare as they break down the important aspects of conversing with others. Based upon their ideas and what they say, create your own outline for having a strong conversation.

Then compare your thinking with **Leo, Maya, Hanna, and Clare’s outline.**
