Video Title	Grade Level	Domain (Topic)	Cluster	Standard
Mean, Median, Mode (Part 1)	6th	Statistics and Probability	Develop understanding of statistical variability	**CCSS.MATH.CONTENT.6.SP.A.3 Recognize that a measure of center for a numerical data set summarizes all of its values with a single number, while a measure of variation describes how its values vary with a single number.**
	6th	Statistics and Probability	Summarize and describe distributions	**CCSS.MATH.CONTENT.6.SP.B.5 Summarize numerical data sets in relation to their context, such as by:**
				CCSS.MATH.CONTENT.6.SP.B.5.C Giving quantitative measures of center (median and/or mean) and variability (interquartile range and/or mean absolute deviation), as well as describing any overall pattern and any striking deviations from the overall pattern with reference to the context in which the data were gathered.
