Video: Revise, Rewrite, Recycle *The Writing Process*

Revision is the place where your writing begins to shine. It's the point in time when your captured thoughts become more polished and refined, bringing your writing closer to completion. Often, help from a trusted friend is just the right prescription towards fine-tuning your work.

In this video you will learn basic revision guidelines:

- Have a purpose and stay on topic
- Consider organization and structure
- Include sufficient accurate information
- Use an engaging voice
- Provide a strong conclusion
