

Concentration (NCTM Illuminations)

Play the game of concentration by matching different representations of fractions. There are region models, set models, and numerals. Select " $\frac{1}{2}$ $\frac{2}{3}$ " before you start.

Equivalent Fractions (NCTM Illuminations)

Create representations of equivalent fractions with a region model and see the fractions plotted on a number line.

<http://illuminations.nctm.org/ActivityDetail.aspx?ID=80>

Fractions – Equivalent (National Library of Virtual Manipulatives)

Represent equivalent fractions with a region model.
